ANNIE'S BEAUTY SALON

Inside Annie`s true Beauty Salon students are offered a series of innovative and imaginative beauty treatments, beginning with a “detox” and finishing with an “eye- rejuvenation,” that engage the senses, and leave body, mind and spirit refreshed and uplifted.

This presentation teaches girls to deconstruct media images and beauty stereotypes, builds a spirit of sisterhood by promoting self esteem and respect for others, explores positive role models and gives strategies to help girls recognize beauty in others, in the world, and most importantly in themselves.

THE PRESENTER

Annie Lawrence is passionate about beauty. She is a qualified secondary school teacher, has vast experience in running seminars for young people and has given talks at national and international gatherings. As a mother of three girls, she is familiar with the challenges and false promises offered by today's beauty stereotypes. Her desire is to help girls grow into great women.
